## FİŞ GÖRSELLERİ

Yakıt Fisi:

The image shows a screenshot of a code editor's file explorer. The sidebar on the left contains icons for file operations like copy, search, and refresh, with a '376' badge indicating the number of files or changes. The main area is titled 'Explorer' and shows a project structure under 'Atilim'. The 'backend' folder is expanded, revealing subfolders: 'controllers', 'cron', 'database', 'dist', 'middleware', 'node\_modules', 'personel', and 'routes'. The 'routes' folder is also expanded, showing four files: 'auth.js', 'gps.js', 'groups.js', and 'leaderboard.js'. To the right of the file list, there is a vertical column of numbers from 1 to 16, likely representing the order of files in the project or a specific sequence. The overall theme is dark, with light-colored text and icons.
